

UTILITY IMPACTS

Existing vs. Proposed Poles

Electric

- Conectiv Power has plans to upgrade their facilities from Armstrong Corner Road to Bethel Church Road. They are working with the design team to coordinate their changes. All utility poles in this area will be replaced.
- From Bunker Hill Road to Armstrong Corner Road, there are no upgrades planned. However, some poles will be relocated due to a shift in the alignment to avoid the Holton Historical Site.
- All electrical utility relocations are planned to start in the Fall of 2005 and will be in service by the end of 2005.

Telephone

- Verizon's facilities will be relocated underground. There are also underground conflicts that will be resolved through coordination with the design team.

Cable

- Charter Communications' facilities will be relocated along with Conectiv's poles.

Gas

- Conectiv and Chesapeake Utilities have plans to relocate some of their facilities. They are working with the design team to coordinate these changes.

Water

- Artesian Water has plans to upgrade some of their facilities. They are working with the design team to coordinate their work in the area.
